It is dedicated to the development and growth of our country in all fields of human endeavour - cultural, social, academic, moral, national and spiritual - by promoting a sense of patriotism, national unity and integrity.

On the birth of Swami Vivekanand i.e. on 12th January, 1963, the Citizens Council set up by leading industrialists and social reformers like late Lala Hans Raj and Dr. Suraj Prakash, initially to mobilise citizens efforts to fight the Chinese attack, was renamed as Bharat Vikas Parishad. It is thus motivated and guided by the ideals and teachings of Swami Vivekanand.

Bharat Vikas Parishad was registered as a Society under the Societies Registration Act 1860 on the 10th July, 1963.

### Our Sutras

The action plan for implementation of Parishad's policies and programmes is executed through the following sutras (maxims):

#### 1. Sampark (Fellowship)

Identify and establish personal contacts with such persons who will enroll themselves as members to accept responsibility and render effective assistance in Parishad's activities.

#### 2. Sahyog (Cooperation)

Enlist active co-operation and support of influential persons and give them responsibility.

#### 3. Sanskar (Moral Orientation)

Educate and orient members and well-wishers by inculcating in them a positive awareness of the noblest aspects and the spiritual values of our heritage.

#### 4. Seva (Service)

The logical culmination of efforts put in during the foregoing stages is service – selfless and dedicated service – not as an act of charity, condescension or favour conferred on the recipient, but in the true spirit of our cultural tradition treating service as worship.

#### 5. Samarpan (Commitment)

All these maxims are indispensable for proper grooming of our citizens and their family members towards the service of our motherland.

### Trinity Moot Court Society

## TRINITY MOOT COURT SOCIETY

*"Human progress is neither automatic nor inevitable... Every step toward the goal of justice requires sacrifice, suffering, and struggle; the tireless exertions and passionate concern of dedicated individuals."*

-Martin Luther King, Jr.

The Trinity Moot Court Society was inaugurated on 22nd September, 2018. Primarily moot is the mock trial of how the legal proceedings take place in the courts. It is always regarded as a beginner's guide. If you love challenges and arguments, then you can also develop a love for moot court during your life in law school. If you have decided upon advocacy as your career then moot court can be a great beginning for your dream.

To quote Thomas Jefferson "brevity is best because it leaves no room for inattention by listener." Mooting makes you brave and confident personality. The challenge and the excitement that you experience while moot court cannot be gained in classes.

Trinity Moot Court Society will help students in competing in various moot court competitions throughout the country. Various Intra College competitions related to moot court training along with various workshops are being organized by the Moot court society for the better learning of the students. It will also provide an opportunity for students to build advocacy skills, sharpen public speaking skills, and engage in legal analysis in a variety of areas of law.

### Environment Law Centre

#### Environmental Law Centre

"I only feel angry when I see waste. When I see people throwing away things we could use." —Mother Teresa

Academic disciplines postulate scientific ways to solve a problem. We established environment law center at TIPS. The idea is focused on study of academic discipline, initiating pragmatic actions and providing significant services to the society. These are functional in the hands of a group of specially educated, globally trained and veteran faculties with a group of enthused and consistent learners of this law school. This center cultivate scientific thinking in students to bring about ideas and activities in this direction.

World has experienced paradigm changes since 2015 with the launch of Sustainable development Goals and Paris Agreement 2015. Global community has defined global agenda for global development up to 2030 and the local communities are not even aware about these changes. One needs awareness to initiate action. TIPS is starting an Environment Law Centre with an idea to sensitize society about environment degradation and sustainable development. In order to bring the world a little closer to be aware and to act collectively for global goals and climate change in particular, Environmental Law Centre, TIPS is determined to undertake environmental education to bring students, lawyers, academicians and activists on a common platform to define ground level solutions to actual problems faced by local communities.

Motto: Clean and Green indeed our Dream

Mission: To conserve biodiversity and natural resources at Local, National and International regime
