

Trinity Institute of Professional Studies

Institutional Distinctiveness

The institute has following distinctive features to provide quality education to the students.

Internal Quality assurance cell : Institute has IQAC cell to ensure the quality of education being provided to the institute through all the laid down criteria of NAAC and to also develop a system for conscious, consistent and catalytic improvement in the overall performance of the institution.

1. **State of the art infrastructure:** College is located in prime location and connected with metro station which is easily reachable and feasible for all students from their locations. All essential facilities are provided in the college such as well-equipped computer labs classes, Modern library, Wi-Fi enabled digital campus, Centrally All-weather AC Building, Well-equipped Classrooms, Smart Classes, Separate library for law, Fully furnished Placement cell, Moot Court with Adjacent Judges Retiring Room, Well- Equipped Post Production Lab with latest software, 3 Well-equipped Computer Labs, Multi-purpose Hall with Indoor sports facilities, 2 Cafeterias, Separate Common rooms for boys and girls. In addition for power Backup,

Rain water Harvesting & Reuse of waste water: The institute has rain water harvesting facility through which rain water being harvested and used for groundwater recharge. The waste water from RO plant has been stored in the tank capacity of 250 lts. and reused for cleaning and flush in toilets.

2. **Educational Expertise:**

- Institute has distinguished faculty members to provide quality education to the students.
- Faculty members have embraced innovative teaching technique to provide quality education in a participatory learning environment in the classroom. The strategy for academic excellence has been always thrived upon by the institute by adopting effective teaching pedagogy (participative learning, case studies, role plays, management quizzes, and online assessment of the students) which has yielded good academic results.
- Top-Notch Knowledge partners – Institute has collaborations with T-Series, IMS, ICT Academy (Oracle, AWS) etc. to provide industry exposure.
- Industrial visits undertaken by Students for the understanding the demonstration of real life applications and its implementations of Technologies and Practices.
- Following sessions are organized on regular basis to hone the technical skills of the students:

2.1. Eminent Lecture Series

- This initiative by TIPS, Dwarka has been taken to ensure that our students are exposed to the best intellectual thoughts of eminent personalities in the industry. Under the aegis of Eminent Lecture Series, all departments of the institute organize interactions of students with renowned professionals in their fields.

- A professional course demands that students should have theoretical as well as practical knowledge. They should be able to obtain the skills required to apply the classroom knowledge to real-life problems. At Trinity, a close relationship is maintained with the industry and industry-mentors regularly visit the campus to interact with students.

2.2. Celebrity Talk Series

- With this perspective, we at Trinity firmly believe that our students should be well equipped to grab the opportunities and face the challenges being thrown open by innovations and disruptions in the field of media, journalism, and mass communication.
- The initiative of the Celebrity Talk Series aims to provide a platform for students to interact with experts in the field of filmmaking, journalism, media communications, etc.

2.2.1. Value Added Courses

- At TIPS we offer our students multiple opportunities to gain skill sets that will enable them to have an edge over graduates from other institutes and universities. For the purpose, reputed institutions like DUCAT, ICT Academy, IIDE, IMS conduct classes on the campus that students can attend and secure additional certificates for courses like Digital Marketing, Financial Modelling, Salesforce, Skill edge, Reliance Finance Training, etc.
- The Institute provides value-added courses to enhance the practical skills of students and to make them industry ready. Various Courses such as 'Digital Marketing', 'Film Making', 'Still photography', 'Dramatics' etc. have been provided to the students of all the courses last year. To enhance their communication skills, 'Spoken English and communication skill enhancement course has also been provided. Moreover, life skills sessions, counselling sessions, alumni interactions, skill enhancement workshops, industry visits as well as expert guest lectures are organized at regular intervals to foster transformative learning.

2.3. Legal Aid Cell

- The law department of the institute has a proactive legal aid cell that promotes legal awareness through creative mediums such as street plays. The students of the cell are also certified Para-legal volunteers, equipped to provide free legal aid to the underprivileged.

3. Outreach Programs-

Trinity Institute of Professional Studies (TIPS) has traditionally prioritized social outreach programmes in order to instil in students a sense of social belonging through its NSS cell, Rotaract club, Sewarth-Bharat Vikas Parishad Shakha and Sai Nath Trust. Through this students are provided platform to enhance their morale and ethical values while also contributing to nation building through involvement in various social development initiatives.

Two Villages have been adopted to raise awareness of social well-being, health, and hygiene, as well as the delivery of sanitary supplies to the less fortunate. Nukkad Natak, a dramatic society of the state run by TIPS students, is used to raise awareness about social issues

4. Environmental Consciousness-

The institute has taken a proactive approach to raising environmental awareness among students, in line with the environmental studies topic curriculum. Students were urged to think outside the box in support of their natural environment and to participate in environmental activities with new ideas as part of the campaign.

Students have made a substantial contribution to this initiative by planting air purifying plants in classrooms in a creative manner to reduce air pollution in a controlled environment. Furthermore, students made the most use of discarded materials and tyres by planting various plants in them to beautify and purify the Institute grounds. Various tree plantation drives and clean and green awareness sessions/ activities are also organized to make the environment clean and green. Institute got its Green, Energy and environment audit conducted to ensure that the institute follows all the govt. norms applicable for the Institute are followed or not.

Environment law centre, NSS Rotarct Club at the Institute takes initiatives to involve students in various environmental consciousness activities like plantation drives, spreading awareness to be environmental conscious through Nukkad Natak, best out of waste competition, sessions etc.

5. Students' involvement and Participation in societies, clubs, committees as student coordinators, co-coordinators, members

The active participation of the students in providing inputs and suggestions for the curricular, co-curricular and extra- curricular activities improves the quality of the activities and also inculcate the sense of belongingness towards the institute and for all such activities.

6. 360° Holistic Grooming-

Students are groomed personally and professionally through our best practices.

7. Alumni Connect-

We have a strong Alumni association, and alumni meets, alumni interactions, corporate mentoring sessions are organized on regular basis in the Institute to groom the students part of the college. Our alumni are helping and guiding in up skilling our students by being corporate mentors. Our former students are helping the students by recommending and referring them for placements. Alumni connected through alma connect .
