Escalating Tensions: India reacts on recent conflict between Iran and Israel

Manifesto Matters: BJP releases 'Sankalp Patra', focuses on 30 promises as 'Modi Ki Guarantee'

Lujain Kausar
6th Semester, BA(JMC)

New Delhi, 13th April. The BJP's electoral agenda from previous years has consistently been strong, praiseworthy, and frustrating for others. Many promises were made by different parties during this year's election campaigns. The BJP has included a number of significant pledges in their manifesto, one of which is the important mention of the CAA agenda. One of the primary goals of the BJP is to operationalize the Citizenship Amendment Act, Uniform Civil Code, One Nation One Election, and provide a uniform electoral roll. As per the BJP manifesto, "Atmanirbharta is emphasized

to fulfill the Nation's desire to become developed till 2047."

The primary Focus is on women and the expansion of women's financial condition by guaranteeing three crore rural women to become

Lakshmi Didis from the current one crore provided. An investment of Rs. 24,000 crores to aid Vulnerable Tribal Groups through PM JANMAN yojana would be done effectively.

More reservation power is to be provided to the ST, SC, and OBCs for their rapid upliftment. Prioritizing Electronic public transport like E-Bus, EV Charger infrastructure, and technology would be established. The youth isn't left behind as the existing Startup India Seed Fund

Scheme and Startup Credit Guarantee Scheme is an aim to be achieved by BJP after the formation of their government. Similarly, with more such agendas the BJP party is heavy on proving that they would be eligible once again as the Nation's ruling Government. In addition, to this time's election, The opposition also has released a tough strife against them.

Lok Sabha Polls 2024: Rahul Gandhi and Akhilesh Yadav addressed the first joint public rally in UP-Criticized BJP

Trinity News Desk

Amroha, 20th April. Congress leader Rahul Gandhi and Samajwadi Party's Akhilesh Yadav addressed their first joint public rally in Amroha, Uttar Pradesh on 20th April 2024. The two leaders stood strongly against issues like the agniveer scheme, unemployment, MSP for farmers, and electoral bond scam.

They promised that if they came to power they would scrap the agniveer scheme and would conduct a caste survey.

While referring to the first phase of elections held on 19th April, Akhilesh Yadav said that it was a flop for BJP and called it "The first day, the first show of BJP is a flop". He also spoke about how the protests of Rajputs facing the BJP will surely make them lose western UP. Yadav said, "traditional voters are also against them. Panchayats are taking place to decide to defeat the BJP".

Samajwadi party chief said that "the wind emerging from the western UP will not only sweep BJP from Uttar Pradesh but also from the nation. This change

will transform UP." while jibing at PM Modi. He slammed PM Modi's previous remark that Rahul Gandhi and Akhilesh Yadav are the two rejected princes from Uttar Pradesh. He said that if the BJP got a special majority in the parliament then they would change the constitution which will affect our coming generations. "We need to make sure that the future of the coming generation will be in safe hands". He later added.

Rahul Gandhi accused PM Modi during his address of helping a few industrialists and neglecting the weaker section of society during his tenure. He raised the voice against issues like unemployment, handing over the wealth of the nation to few people, and many more.

He said that they will bring a new scheme for youth to provide them jobs named "First job confirmed" in which they will get training in government and private offices along with the 1 lakh rupees. "We will fulfill the 30 lakh vacant posts in the government sector after the election if they come to power.

We will provide these vacant posts to the youth of the nation", he said.

Rahul Gandhi promised the nation to scrap the Agniveer scheme, increase the MNREGA wages, double the income of Anganwadi workers, and form a commission to study the needs of farmers and to form schemes for the farmers.

He also promised that if the INDIA bloc will form the next government then they will implement the Mahatma Scheme in which they will provide 1 lakh rupees annually to women of poor families.

The battle of Amroha is between the BJP candidate Kanwar Singh and Danish Ali allotted by the Congress party. He had won the election in 2019 on a BSP ticket. He recently joined the Congress party as he was expelled from BSP.

Delhi Liquor Case: CM Arvind Kejriwal sent to jail, will he get the bail?

Trinity News Desk

New Delhi, 1st April. The Aam Aadmi Party Founder, National Convenor and current chief minister of Delhi Arvind Kejriwal was arrested on March 21 for alleged misdoings in the now scrapped Delhi excise policy case under an ongoing money laundering investigation led by ED. At the same time, Delhi CM is likely to remain in ED custody till March 28. The entire case is basically related to alleged irregularities around the formulation and implementation of the Delhi

excise policy in 2022. In the initial prosecutions which were filed by the ED they basically made allegations upon the Delhi CM that the policy was intentionally designed with Loopholes. Facilitating the formation of cartels which basically possess a huge profit for the AAP leaders.

The Enforcement Directorate also accuses the AAP leaders since they receive many

kickbacks from the particular group of individuals which were named as the south group.

This case has its roots from the incidence when the Delhi Chief secretary Naresh Kumar presented a report to Delhi Lieutenant Governor Vinai Kumar Saxena in July 2022 highlighting purported procedural deficiencies in the development of Delhi Liquor Excise Policy.

The report which was presented by the Delhi Secretary basically stated that unilateral and arbitrary decisions taken by the Sisodia as an excise minister which ultimately resulted in the financial loss to the exchequer estimated at more than Rs 580 Crore. This report was transferred to the CBI and as a result of which Sisodia was arrested. While Delhi CM Arvind Kejriwal's name was not mentioned in the FIR filed by the Central Bureau of Investigation in the Delhi Excise Policy Case, his name was firstly mentioned in the chargesheet filed by the Enforcement Directorate. In the chargesheet filed by the Enforcement Directorate the agency claimed that he allegedly had a conversation with one of the main accused Sameer Mahendru in a video call and asked him to continue the scam proceedings with co-accused and AAP communication incharge Vijay Nair.

PM v/s CM - The CAA, NRC and UCC are not acceptable at any cost: Mamata Banerjee

Trinity News Desk

Kolkata, 10th April. One of the dominant or most famous political parties of the country led by Honourable Chief Minister of Bengal Mamata Banerjee Named Trinamool Congress have released its manifesto for the upcoming Lok Sabha polls 2024. Although the political party led by Bengal Chief Minister have made several promises among which the most controversial

promise, which the political party has made is to repeal the Citizenship Amendment Act all over the country. If the INDIA Bloc comes to power at the center in the upcoming Lok Sabha 2024 polls. Releasing the party manifesto at the party headquarters in Kolkata, one of the leading TMC Rajya Sabha Member of the Parliament Derek O'Brien also mentioned that these are the promises which

BA(JMC) Students participated in a workshop on Data Journalism, learned about the writing on Electoral Data

Hansika Khatwani
Semester 2, BA(JMC)

New Delhi, 20th April. Trinity Institute of Professional Studies, in collaboration with Google News Initiatives, embarked on a groundbreaking journey to revolutionize journalism across India. This pioneering initiative took the form of a comprehensive PAN India data journalism training series, designed to arm journalists with the tools and skills necessary to harness the power of data in storytelling.

Led by seasoned data experts, the series was a deep dive into the intricacies of data journalism. Participants were exposed to a myriad of topics, ranging from understanding data sources to mastering the utilization of cutting-edge tools and methodologies for data-driven reporting. The goal was clear: to equip journalists with the knowledge and expertise needed to navigate the increasingly complex landscape of modern journalism.

The event was graced by distinguished personalities,

including Trinity Institute's Head of the Department, Mr. Arunesh Dwivedi, and the esteemed guest, Prof. (Dr.) Umesh Arya. Prof. Arya, a stalwart in his field with over 3500 lectures under his belt,

Throughout the series, participants were not only educated but also encouraged to engage actively in hands-on exercises. This practical approach ensured that theoretical knowledge was

brought a wealth of experience and insight to the table. His presence added a layer of profundity to the discussions, inspiring participants to explore the depths of data journalism with renewed vigor.

swiftly translated into actionable skills. Prof. Arya's guidance further enriched the learning experience, offering invaluable insights garnered from years of academic and professional practice.

The culmination of the event was marked by an interactive session of questions and answers, providing participants with the opportunity to seek clarification and deepen their understanding. As a testament to their dedication and commitment, certificates were awarded to acknowledge the successful completion of the training series. These certificates serve as a tangible reminder of the participants' journey towards mastering the art of data journalism.

In an age where information overload is the norm, the ability to discern, analyze, and present data effectively is indispensable for journalists. Trinity Institute's Data Journalism Training Series stands as a beacon of hope, illuminating the path towards a more informed and empowered journalistic community. As participants embark on their newfound journey armed with knowledge and conviction, the impact of this initiative is poised to reverberate throughout the realm of journalism, shaping narratives and driving positive change.

.... contd from page 1

they promise to fulfill as the political party, if their alliance comes to power at the center.

The Political Party have also given the guarantee to control the petrol and diesel prices by establishing a Nationalized Price Stabilization Fund. All over the Manifesto, the party has made ten promises which are regarded by them as 'Didir Shapath'. Coming upon the most bold promise which they have made under their manifesto, is to deliver a 5kg ration and LPG cylinders to BPL beneficiary families. Hoping to work towards the educational field, the party promises to provide one year apprenticeships to all the graduates and diploma holders of the age of 25 years with the privilege of monthly stipend.

Providing Educational scholarship to the backward section of the society the party promises that the Quota Reservation to SC'S, ST'S and OBC categories will be tripled, with the promise of serving the old age citizens of the country the party promises to increase the pension of all the government employees by Rs 1000 on a monthly basis. Analyzing the overall manifesto released by the party they hopes to secure a election win on the basis of the promises made in the manifesto.

Students on Screen: BA(JMC) students visited India TV and Participated in 'Aap Ki Adalat' Show

Amiyanshi Srivastava
Semester 2, BA(JMC)

New Delhi, 11 April 2024. An Industrial visit to India TV The department of Journalism and Mass Communication organised an industrial visit at India TV on 11th April 2024. The students took charge of orchestrating a captivating visit, aimed at providing aspiring journalists with invaluable insights into the inner workings of a prominent news channel and engaging in

an audience-interactive live show titled 'Muqabla,' led by the esteemed journalist, Prachi Parashar. Students arrived at the India TV headquarters in Noida, where they were greeted warmly by the relevant personnel. The students were then guided to

the studio set where the show was being filmed. Under the mentorship of host Prachi Parashar, students actively participated by interacting with

the guests on the show, posing pertinent questions aligned with their comprehension and the show's agenda. The students gained insights into the complexity of producing and

airing a live show, including its technical aspects and the inherent challenges it presents.

The students seized the chance to interact with the guests post-show, gaining insights into the unique aspects of the show's agenda and its influence on its audience. This visit proved invaluable for students on various fronts, given India TV's esteemed reputation as one of the leading news channels with nationwide reach.

Expert. We were also graced with our eminent speaker Mr. Vivek Kumar HOD, Centre for Rural Development and Technology, IIT and Mr. Dipan Sahu National Coordinator, NISP, IIC; ARIIA.

The student were able to organize the event all thanks to their dedication and hard work day and night with their knowledge partners, Uptoskills, DU CAT and Developer Analysts and sponsors like Buzzytees helped in making a cash pool of 21000/- for the winners.

Escalating Tensions: India reacts on recent conflict between Iran and Israel

Gunpreet Kaur
Semester 4, BA(JMC)

New Delhi, 14 April. The already fractured Middle Eastern landscape has been the center of an increased series of hostilities in the past few weeks as Iran and Israel showed signs of a violent conflict that could encompass the region. The violence erupted after a series of events occurred at a great speed leaving both nations worried and the international community wary. Gaza was rocked by explosions as Iran, long-time backers of Palestine, allegedly provided Hamas and Islamic Jihad with advanced weaponry. These groups, in turn, launched a barrage of rockets into Israel territory, prompting a swift and forceful response from the Israeli military. Airstrikes were conducted with ruthless precision as they targeted numerous Hamas installations.

At the same time, there are multiple obstacles to any diplomatic resolution to ease the fierce situation. The United Nations and regional partners have urged to stop hostilities and resume negotiations as soon as possible. Nevertheless, it

seems that it would take a lot of effort to secure the peace in such a conflict with such a historical, demographic, political, and cultural background. Moreover, both Iran and Israel have a

rational basis to respond as they do. Iran targets its domestic and foreign policy to the Levant as one of the ways to resist Israel, and Israel justifies its actions by the necessity to defend their citizens from the terrorist attacks and protect their sovereignty. Finally, the world community has been highly concerned about the humanitarian situation for quite a long time. In this tense and volatile atmosphere,

the world watches with bated breath, hoping for a swift resolution that avoids further bloodshed and paves the way for lasting peace in the Middle East. However, the path to peace

remains uncertain, with deep-rooted grievances and complex geopolitical dynamics at play.

As the situation continues to evolve, one thing remains clear, the need for a concerted international effort to address the underlying causes of the conflict and work towards a sustainable and just solution for all parties involved. Until then, the region remains on edge, with the specter of war looming large. (AP)

India wants immediate reform in UNSC, America supports after Musk backs India's demand

Trinity News Desk

New Delhi, 20 April. India has been at the forefront of years-long efforts to reform the Security Council, saying it does not represent the current geopolitical realities.

Indian External Affairs Minister S. Jaishankar stated that India will definitely get permanent membership of the United Nations Security Council as

on behalf of the G4 nations of Brazil, Japan, Germany, and itself proposed a model to make the reforms in the UN Security Council. This model proposes to increase the membership from 15 to 25-26 nations by adding six permanent members and five non-permanent members.

Tesla CEO advocated India's inclusion in the UNSC

Earlier this year, the CEO of Tesla Elon Musk supported

After Elon backed India, Washington supported India's stand that the UNSC needs immediate reforms as it does not meet with today's reality. A top US diplomat of the Biden administration stated that they support the model of G4 nations to be the permanent members of the UN's top organ. US Ambassador to the United Nations, Linda Thomas-Greenfield, during the speech in Tokyo, said that "Previously the US, Russia, and China agreed on one thing and that was they don't want any changes in the UNSC but later in 2021 US pulled out of that and agreed to make changes in UNSC".

"We have made it clear that we support the so-called model of G4 nations to become the permanent members of UNSC. We also think that the UNSC of 70 years ago does not reflect the current reality as the African and Latin Americans don't have a permanent seat in UNSC", she said.

the world has a feeling that India must get this position. He also stated that our country is working hard to attain a permanent seat in the UN Security Council.

India's UNSC Claim and Plan

India is demanding reform in the UNSC to meet the expectations of the present time. Last month,

India's inclusion in the UNSC. He said that the current structure of the UNSC does not represent the world's most populous nation. "At some point, we need to make changes in every organization to meet the reality. Similarly, the UN also needs to be restructured", He added. US Supports after Musk Backed India

बारिश से बदहाल हुई हाईटेक सिटी दुबई... जानिए ऐसी नौबत क्यों है आई?

शैलेन्द्र कुमार
द्वितीय सेमेस्टर, बीए(जेएमसी)

दुबई, 15 अप्रैल. बारिश ने दुबई जैसे हाईटेक सिटी को बदहाल कर रखा है, जो दृश्य हमको दुबई से देखने को मिल रहे हैं, वह काफी आश्चर्यजनक और परेशान करने वाले हैं। पूरे एयरपोर्ट में पानी भर चुका है, प्लेन फंसे हुए हैं, पानी से हर जगह बदहाली दिख रही है। क्या यह ग्लोबल वार्मिंग का असर है क्योंकि दिसंबर 2023 के दूसरे सप्ताह में हुए 28वीं जलवायु परिवर्तन सम्मेलन में संयुक्त राष्ट्र महासचिव एंटोनियो गुतेरेस ने चेताया था कि यह सम्मेलन हमें इन सब चीजों के लिए आखिरी मौका प्रदान करता है। इसके पीछे का कारण बादल बीजन (cloud seeding) बताया जा रहा है लेकिन यह पहली बार नहीं है जब बादल बीजन (क्लाउड सीडिंग) की गई है। बारिश के लिए दुबई में इसका उपयोग 2002 से लगातार किया जा रहा है दुबई ही नहीं चीन, फ्रांस व भारत भी इससे अछूते नहीं रहे हैं, यहां भी इसका उपयोग होता रहा है।

क्या होती है कृत्रिम बारिश?

हमने बचपन में पढ़ा था कि पानी के वाष्पीकरण की प्रक्रिया से ऊपर बादल बन जाती है अलग-अलग घनत्व के बादल आपस में मिलकर एक घना बादल बनते हैं जैसे-जैसे हम पृथ्वी की सतह के ऊपर जाते हैं वैसे-वैसे तापमान घटने लगता है जब पानी का वाष्प आसमान में जाता है, तो तापमान के घटने से वाष्प पानी के छोटे-छोटे हिस्सों में परिवर्तित हो जाता है। बारिश होने के लिए पानी के क्रिस्टल

का भारी होना बहुत आवश्यक है, बादल में मौजूद पानी के कण धीरे-धीरे एक दूसरे के नजदीक आने लगते हैं फिर एक समय ऐसा आ जाता है जब यह आपस में मिलकर पानी की बूंद का निर्माण कर लेते हैं, यही पानी की बूंद पृथ्वी पर बारिश के रूप में बरसती है। बारिश होने के लिए तापमान का सबसे बड़ा हाथ होता है, मेघ बिजन का आविष्कार विंसेंट पेपर नामक वैज्ञानिक ने किया था, वह फ्रीजर में हवा छोड़ते तो वह छोटे-छोटे पानी कणों में परिवर्तित हो जाती, रीसेंट ने सोचा कि अगर वह फ्रीजर के तापमान को और

ज्यादा बढ़ा दें तो क्या होगा इन्होंने ज़ाई आइस का उपयोग किया फिर उनके होश उड़ गए इस बार उनके मुंह से निकली हवा वाटर ड्रॉपलेट में नहीं बल्कि

आइस क्रिस्टल में बदल गई, और इसी का उपयोग बाद में जाकर मेघ बिजन में हो रहा है, जो प्लेन की मदद से बादल में ज़ाई आइस और सिल्वर आयोडाइड डाला जाता है दुबई में जो स्थिति बनी हुई है उसके पीछे का कारण बताया जा रहा है कि पानी निकास के लिए यहां सही व्यवस्था नहीं है, दुबई में औसतन बारिश 3.6 सेंटीमीटर होती है जो पिछले 24 घंटे में 4 सेंटीमीटर के आसपास हो चुकी है इसका कारण तकनीकी रूप से ज्यादा सिल्वर एंजॉयड आयोडीन बताया जा रहा है वैज्ञानिकों का मानना है कि एक दिन में 6 से 7 बार प्लेन उड़े और क्लाउड सीडिंग (मेघ बिजन)की गई, तो प्रश्न यह है कि एक तरफ तकनीकी रूप से हम मजबूत हो रहे हैं और दूसरी तरफ हमारी खुद की तकनीक हम पर भारी पड़ रही है। (AP)

आईपीएल पे बैक वीक: किन टीमों में हुई टक्कर, कौन बनेगा विनर?

शैलेन्द्र कुमार
द्वितीय सेमेस्टर, बीए(जेएमसी)

नई दिल्ली, 21 अप्रैल. इंडियन प्रीमियर लीग (आईपीएल) इस समय 2024 में अपने 17 वें साल में है, दुनिया की सबसे लोकप्रिय फ्रैंचाइजी क्रिकेट लीग हर गुजरते सीजन के साथ बेहतर होती जा रही है, आईपीएल अपने मध्य पड़ाव पर आ चुका है और क्रिकेट प्रेमियों में अलग ही उत्साह देखने को मिल रहा है।

पेबैक सप्ताह क्रिकेट प्रेमियों के लिए एक और बड़ी सौगात लेकर आया है, कोई जीत नहीं पाया, तो किसी का घमंड टुटा, हार जीत का वह छोटा सा फासला, बहुत मायने रखता है। 21 अप्रैल से 28 अप्रैल तक टाटा आईपीएल का पेबैक वीक, जिसमें टीमों के पास अपने प्रतिद्वंदी को पटकने का एक और मौका होगा, लगभग हर टीम ने अपना आधा सफर पूरा कर लिया है।

प्याइट्स टेबल में राजस्थान 12 अंकों के साथ पहले स्थान पर काबिज है, केकेआर 10 अंकों के साथ दूसरे, हैदराबाद 10 के साथ तीसरे, सीएसके 8 अंकों के साथ चौथे स्थान पर बनी हुई है। बेंगलुरु और पंजाब इस साल भी कोई कमाल नहीं कर पाए और हार के साथ

लगभग बाहर हो चुके हैं, बेंगलुरु की कमजोर बॉलिंग क्रम एक बार फिर उजागर हुई इन्होंने फिर से अपने दर्शकों को निराश किया। मुंबई गुजरात और लखनऊ की गाड़ी बीच नाव में अभी डोल रही है, वह रफ्तार इनमें अभी नहीं देखी है जिसके लिए यह जाने जाते हैं बहरहाल प्लेऑफ में जाने के लिए उनकी संभावनाएं अभी भी बरकरार है इसके लिए इन्हें विश्व स्तरीय क्रिकेट का प्रदर्शन करना होगा। ऑरेंज कैप की बात करें तो बेंगलुरु के स्टार बल्लेबाज विराट कोहली 379 रन के साथ पहले स्थान पर काबिज है, गेंदबाजी में बुमराह 13 विकेट के

साथ पहले स्थान पर अपनी जगह मजबूत कर चुके हैं। अब बात करें प्रबल दावेदारी की तो 7 में से 6 मैच जीतने वाली राजस्थान आईपीएल 2024 जीतने की सबसे प्रबल दावेदार टीम है। आरसीबी पर एक रन की शानदार जीत के बाद केकेआर दूसरी पसंदीदा टीम बन के उभरी है। कमिस की अगुवाई वाली सनराइजर्स अब भी टूर्नामेंट के प्रबल दावेदारों में से एक है दूसरी ओर पांच बार की आईपीएल विजेता टीम सीएसके भी दावेदार हैं, लेकिन लखनऊ से मिली हार ने इन्हें नुकसान पहुंचाया है लेकिन इसका बदला यह पेबैक वीक में चुकता करना चाहेंगे अब देखना होगा कि विनर कौन बनता है?
